Dear Colleague:

We are pleased to offer the following materials for SY 17-18.

We have a complete set of assessments to measure the **South Carolina College- and Career-Ready Standards** in Mathematics and English for SY 17-18: 100% **SC READY**. We also have our PASS and EOCEP assessments for Science and Social Studies, covering grades K-8 and high school. Science covers the new standards. In each case the items are 100% aligned to the **South Carolina Academic Standards**. **We have developed an item bank and simulation test to assist teachers as they prepare students for the 11<sup>th</sup> grade State required ACT test.** We have completed a set of Math ACT and Reading ACT assessments and will have English completed soon and thereafter Science.

There are two sets of offerings: **Grade Level Pre-Post Tests** and the **Item Banks**. These materials come on a CD and can be loaded onto your school or district server. Overall we cover ELA, Math, Science, and Social Studies K-12 along with ACT.

**Grade Level Pre-Post Tests** measure the standards for the grade in question and is a Simulation of the State test matching the South Carolina blueprints. Each of the tests has a *Classroom Matrix*, providing an easy-to-use diagnostic tool that supports a diagnostic/remediation data-driven model for instruction. Each and every item is coded to a specific, individual standard. Each item is a Word document, and as such, can be modified completely. We have a way to make ACT standards a part of the regular high school courses like Alg 1,2, Geometry etc. We offer an ACT simulation and matrix.

The **Item Bank** is comprehensive, with a wide range of items of suitable difficulty and rigor. The CD has software for making snapshot and benchmark tests. There are sufficient number of items for test construction. Moreover, items can be modified to generate additional items if needed, as each item is a Word document including the TE items. We have an item bank to cover all the ACT standards also.

For more information, email Stuart Flanagan [stuflanagan@aol.com](mailto:stuflanagan@aol.com) or visit <http://www.tfhs.net> or call 804-725-7997. If you visit our website you can read our **SUCCESS STORIES** along with our **User Guide** and see samples. If there is sufficient interest, we can FedEx you a CD for review without charge. We want to assist you so that SY 17-18 is a better year!

Regards,

**S. Stuart Flanagan**
